
«The New Year Adventures in a Fairy Forest»

On December, 20th, 2017, the students of Pedagogical Institute of Borys Grinchenko Kyiv University together with Volodymyr Mayakovskiy Kyiv Library made a holiday “The New Year Adventures in a Fairy Forest” for school children of the residential neighbourhood Rusanivka. Children were captured by adventures of Kytsunia and her friends. They helped Father Frost and Snomaiden to save the New Year. Everyone solved puzzles, danced and played games.

We are grateful to administration and team of Volodymyr Mayakovskiy Kyiv Library, a class leader of the 4th form of Kyiv School № 137, Solovyova Nina Fedorivna and her pupils for cooperation and positive emotions!

Happy New Year!
