
Open day at the Pedagogical Institute

On April 17, 2019, Pedagogical Institute of Borys Grinchenko Kyiv University welcomed more than 100 graduates of general secondary education institutions of Kyiv and Kyiv region. The headliners of the Open day were students of the Pedagogical Institute, who organized an exciting program for our guests!

The event began with a career guidance consultation, during which students received answers to questions about the features of the entrance company to specialties "Preschool Education" and "Primary Education" in 2019.

School graduates had the opportunity to feel like students and improve creative, communicative, leadership and other skills during master classes: "Professional choice: me today, me tomorrow", "Secrets of auditory development", "Being a Teacher is a trend!", "Develop, not just practice: how to apply foreign language learning strategies!".

Student Council held professionally oriented quest for future students, which helped to get acquainted with the educational environment of the Pedagogical Institute, and have fun passing such stations as: "#Selfie", "Scientific", "Translate please", "Ideal student" and others.

The Open day at the Pedagogical Institute ended with a joint flash mob, photos and exchanging impressions.

Thanks to pedagogical staff of general secondary education institutions of Kyiv and Kyiv region for active participation in the event: the Scandinavian gymnasium, Educational Complex "POTENTIAL", Kyiv Gymnasium #136, general secondary school of I-III levels № 182, Educational Complex №30 "ECONAD", secondary school №265, secondary school №129, institution "Chudnivsky Lyceum" and others.

We invite school graduates to enter Pedagogical Institute of Borys Grinchenko Kyiv University!

Because being a teacher is a trend! Teaching is modern!
