
Participation in the Webinar "Teaching English: Implementing the New Education Reform»

On October 10, 2019, students of the Pedagogical Institute took part in the methodical webinar "Teaching English: Implementing the New Education Reform" in the framework of studying "Professional Communication in a Foreign Language". The participants of the meeting were students of specialty 012 "Preschool education" and 013 "Primary education" of the second (Master's) level. Students got acquainted with the features of the organization of teaching English to children of preschool and primary school age during the period of reforms of the national education system. During the webinar, Olena Mikhodui, senior methodologist of the international educational center Dinternal Education presented techniques of effective technologies for teaching English.

As a result of the webinar, students deepened their knowledge of English language professional discourse, developed a culture of professional communication, and improved critical thinking skills.

Moderator of the event: Nataliya Kosharna, associate professor of the Department of Foreign Languages and Methodologies of Pedagogical Institute.
