
Outside practical lesson on "Methodology of educational partnership»

On April 9, 2019, on the basis of Kyiv preschool educational institution № 61, practical classes on "Methodology of educational partnership" were held with students of the 2nd year of specialty "Preschool Education". They were organized by Karnaukhova A.V., Ph. D., senior lecturer of the Department of Pedagogy and Psychology.

Students got acquainted with the results of pedagogical interaction of preschool education institutions with various social institutions: schools, parents, foreign educational partners from Lithuania and Turkey. Methodological support of educational partnership was carried out by leading Ukrainian researchers.
