## Social project (02.11.2019)

**On November 2, 2019** in the framework of the social project "With Kyiv and for Kyiv" second-year students of the speciality "Primary Education" held "Star starts" activity for preschool and primary school children.

Students successfully engaged children into a variety of play activities. During the event, competitions, personally developed by students for schoolchildren were used. It contributed to the creation of a situation of success among children.

**Moderator of the event:** senior lecturer of the Department of Primary Education Shpitsa Roksolana Ihorivna.
