
Social project on March 9, 2019

On a warm spring morning of **March 9, 2019**, students of the third year of the specialty "Primary Education", presented to young residents of Rusanivka an interesting English educational entertainment "Unicorn brought spring". It took place within the framework of the social project "With Kyiv and for Kyiv".

During the entertainment, children solved riddles, overcame obstacles, played with the main characters and drew them. Students had an opportunity to test their organizational skills and knowledge of the methodology of organizing games in a foreign language with children of preschool and primary school age.

Good mood, positive emotions, cheerful laughter of children and their parents made the event extremely emotional, bright and festive.

***Moderator of the event:** Olga Loboda, senior lecturer of the Department of Foreign Languages and Methodologies of Pedagogical Institute.*
